

Working Together

At EHCAP we have an integrated health (Sarah is a GP) and care (Shoba is a Social Worker) team providing training for professionals including SENCos and teachers in mainstream, special and independent schools. With a focus on Person Centred Practice, Emotion Coaching and Mindfulness we find solutions that work for children, young people and families.

*innovative solutions for education,
health, care and prison services*

We have a special interest in the new SEN Code of Practice and in how we are all going to work together in a person centred way with (0-25) Education Health Care (EHC) Plans.

For more information and to discuss your training needs email Sarah on sarah@ehcap.co.uk , text **07961116819** or visit www.ehcap.co.uk
